Cybersecurity Compliance
Framework & System
Administration

(IBM-Coursera)

Experience

- **Parameds - Scheduling Coordinator (Part-time, Present)**

Coordinated scheduling for a team of medical professionals, ensuring efficient allocation of resources and optimal client satisfaction.

Liaised with clients, staff, and management to optimize appointment times and minimize conflicts.

Developed and maintained a user-friendly scheduling system to streamline the process and improve accessibility. Demonstrated strong organizational and time management skills in a fast-paced, high-stress environment.

- **Staples - Tech Sales Associate (Part-time)**

Assisted customers with product selection and recommendations, providing expert knowledge on a wide range of tech products and solutions.

Consistently exceeded sales targets, contributing to the overall success and profitability of the store.

Managed inventory and ensured stock levels were maintained for high-demand items.

Collaborated with team members to create a positive and engaging store environment, resulting in increased customer satisfaction and return visits.

- **Netsofters - Flutter Developer (Internship, 3 months)**

Developed and maintained cross-platform mobile applications using Flutter and Dart, ensuring seamless user experience on iOS and Android devices.

Collaborated with the development team in an Agile environment to deliver high-quality software solutions.

Contributed to application architecture design, including feature implementation and UI/UX improvements.

Assisted in bug-fixing, troubleshooting, and optimizing app performance, enhancing overall product quality.

- **EEC - IELTS Tutor (Internship)**

Provided personalized instruction to students preparing for the IELTS exam, covering listening, speaking, reading, and writing skills.

Developed tailored lesson plans and study materials, addressing individual student needs and learning styles.

Offered constructive feedback and guidance, helping students achieve their desired IELTS scores.

Utilized excellent communication and interpersonal skills to create an engaging and supportive learning environment.
